

Hi everyone! My name's Delaney Andrews, I am a sophomore at Linganore and am running to be your Vice President of 2023's Class Council again next year.

I really enjoyed my role as Vice President this year, taking part in our paper roses for teachers, the Help Our Neighbors project, and the letters to our frontline workers. I will use my organization and communication skills to execute any ideas we have for our class, if I'm reelected. My five years in SGA and two years in Class Council have given me the experience needed to be a great officer and leader. Being a student athlete has also provided me with the ability to work as part of a team. I will use this to make sure everyone in our class is represented, and ensure we have the best junior year possible.

My main goal as Vice President will be to create interactive fundraisers that everyone will want to participate in, in order to raise money for junior and senior prom and graduation. I would love to be a part of the planning of these events to give us memories that last a lifetime. I want to continue making sure everyone in our class can turn their ideas into reality with the help of a receptive student council.

Please consider reelecting Delaney Andrews as Vice President of 2023's Class Council. Thank you!
