

Hello everyone, I am Grace Booth and I am running for the position of 2024 class president. I was the class president for the 2020/2021 school year. I believe I was able to help our class in every way possible and would love to be able to have this opportunity again. I will always stay dedicated to my position and listen to the feedback of my classmates. I will work hard to make everyone feel included in class events and always work to make the school a better place. Vote smart and vote Grace Booth.
