

Hey Lancers! My name is Alexis Rich and I am asking for you to reelect me for the Class of 2024 Class Council Secretary. As for my qualifications, I have already been a part of the team for a year and would be even more helpful, responsible, and knowledgeable with my peers from having prior experience.

I have always enjoyed my english classes and believe I have learned the importance of proper grammar and spelling when writing. I would be a great asset to the team because I can keep track of time to know exactly when the meetings are as well as properly updating the bulletin board so that my fellow classmates are up to speed with everything going on. I work well with others and do not take corrective criticism to heart but instead I see it as an extra bit of learning experience. I understand what must be done, and I do it.

If reelected, I plan on keeping everyone up to date and in the know of what will be going on at our school. I believe it is important to be available and helpful to others around you when needed.

I have come up with a few ideas to help improve and give back to the school. I would want to help organize another fundraiser for the Class of 2024. This will bring in more money to help the school with items it may need as well as things our class will need in the future. It is never too early to start raising money.

Another idea is to help support other organizations that may need our help such as clubs and sports. Due to all the online school, I feel that peer support and tutoring options have decreased. I could help create new ways for students to meet face to face not only to help, but to also earn service hours in the process. Finally, I would take any reasonable suggestions from classmates on what they would like to see improved or changed and do my best to see it through,

I ask that the Class of 2024 reelect me, Alexis Rich, to be the Class Secretary for the 2021-2022 school year. Thank you!
